

## Be Part of a New Holistic Center in Forest Hills, Queens

**Welcome!** Let me introduce you to our new expanded holistic facility dedicated to improving the health of individuals and the community. Our mission at Genesis Tree of Life Yoga & Wellness Center is to promote knowledge and awareness of modalities that benefit emotional, intellectual and physical health and to provide practitioners a venue in which to provide these services.

**Why GTOL?** As a **holistic wellness center** we are here to help you, your clients, your students, and your organization to grow and evolve physically, emotionally, intellectually and spiritually. Our goal is to provide an affordable, full-service venue for individuals and groups whose work is teaching privately, in class sessions, or who present special programs and events. We have **private offices, for one-on-one sessions, as well as larger studios, for conferences and classes**, available on an hourly basis seven days a week. Shared secretarial and reception services are available on a fee basis for those establishing a program at our facility that will be repeating throughout the year, our reception staff will handle phone confirmations and take reservations for your program or your appointments, and you can use our physical mailing address to receive your mail.

Our facility is totally modern and unique for its beauty and ambiance. In our reception area, we provide complimentary tea throughout the day and light snacks are available for purchase. As a green organization, our newly built facility has been specially designed and constructed to provide a comfortable, safe, **state-of-the-art environment** for you and your clients:

- Separate office and studio spaces for privacy and atmosphere flexibility
- Green materials, such as non-toxic paint and bamboo floors
- Soft, recessed lighting
- Individual thermostatic and music controls in each office/studio
- Kitchenette with sink and refrigerator (for our staff, teachers and practitioners)
- Wheel-chair accessible via elevator

**We also promote your services.** For those practitioners and teachers making an annual contractual agreement for classes, events, or services at our facility, we post these on our calendar, publicize them on our web site and post them on various sites with which we share links. In this way, we are here to help you make your event or teaching successful.

Four times a year we have a **GTOL OPEN HOUSE** in which we invite the public to meet our teachers and practitioners and take part in **free seminars and workshops**. It's a great way for potential clients to learn about and actually experience the particular modalities available at our facility. Our **MONTHLY MEET OUR PRACTITIONERS, TEACHERS, AND STAFF** event is a wonderful opportunity for you to interact with the community and introduce yourself and your work.

At **GTOL** our practitioners firmly believe in the importance of healing and creating and leaving a better world. Some of the programs at our facility present modalities and paradigms that may be familiar and some may be unfamiliar; in every case they move us toward greater health and harmonious being. If you share this vision, we welcome you to become a part of our new holistic center.

**Sale of your Products and books:** The sale of products or books takes place through our staff and we work with you on a consignment basis during the term of your time with us, whether a one time event or a continuing program.

We want to be **a home for you and for the community that you serve.** If you believe that we may be the place for you, please contact Rachelle Alkalay via phone, at **718-544-5997**, or e-mail, at [rachelle@treeoflifeyoga.net](mailto:rachelle@treeoflifeyoga.net). She'll be happy to answer your questions and provide any additional information you require.
